Washington, D.C. – Today, Congressman Jerry McNerney (CA-11) released a list of the appropriations funding requests he is submitting on behalf of residents of the 11th District.

“I’m proud to release the list of funding requests I made for essential transportation, public safety, education and economic development projects,” said Rep. McNerney. “I was among the first members to make a practice of releasing a list of requests and I’m continuing to keep my commitment to being open and accountable.”

The list of funding requests made by Congressman McNerney can be seen **here** . Submitting requests does not guarantee any funding. Many of these projects may not see any funding this year or may be funded at a lower level than requested.
