

Stockton Record - Letter to the Editor

March 5, 2012

I'm writing you so the public will know how Rep. Jerry McNerney helped this disabled veteran of the Gulf War. I had a really hard time getting treatment for all of my injuries received while serving aboard the USS Carl Vinson (CVN-70).

I now have a great doctor, Mary Rose Bautista, at the Stockton clinic. I have my teeth, and finally a doctor at Stanford did my surgery Dec. 19. All my gratitude goes to these people. Thank you so very much.

Dan Porter
