Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding in the amount of \$1,500,000 for Lower San Joaquin River Feasibility Study (Phase II) in the fiscal year 2022 Subcommittee on Energy and Water Appropriations Bill. The sponsor for this project is the San Joaquin Area Flood Control Agency and the project is located at the Mossdale Tract Area in San Joaquin County.

The funding is designated for an Army Corps Feasibility Study, which is a formal three-year process that would help determine if there is federal interest in investing in a flood control system. If a federal interest is identified, a report is delivered to Congress with a recommendation and funding request to complete the project outlined in the report to enhance flood protection in a given area or region.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jerry McNerney
Member of Congress
