The Honorable Peter DeFazio
Chair
Committee on Transportation and Infrastructure
U.S. House of Representatives
2165 Rayburn House Office Building
Washington, DC 20515

The Honorable Sam Graves
Ranking Member
Committee on Transportation and Infrastructure
U.S. House of Representatives
2165 Rayburn House Office Building
Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding in the amount of \$6,500,000 for the **State Route 99/120 Interchange Connector Project** in surface transportation reauthorization legislation.

The project sponsor for this project is **San Joaquin Council of Governments** and the project is located interchange between State Route 99 and State Route 120 in the Manteca, CA.

The funding is designated for reconstruction of the existing interchange between State Route 99 (SR 99) and State Route 120 (SR 120) by widening the connector to two lanes and adding a merge/weave lane on westbound SR 120 between SR 99 and the Main Street Interchange. The eastbound SR 120 to northbound SR 99 connector will be replaced with a new structure to allow the existing SR 99/120 separation structure to be converted to two westbound lanes.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits: provide congestion relief; further the objectives of the Solutions for Congested Corridors Program by providing more transportation choices for residents, commuters, and visitors; advance the State's air quality and climate goals; and promote co-benefits of safety, economy, and efficient land use.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Jerry McNerney
Member of Congress
